

A VOTE FOR GROENLINKS IS A VOTE FOR:

1. A FAIR HOUSING POLICY

Housing is a fundamental right. Therefore, GroenLinks wants:

- More social housing projects
- More affordable homes for people buying their first house
- More and better housing options for older people
- Stopping investors from buying properties for profit
- More possibilities for tiny houses and other flexible housing concepts
- Basic housing and shelter for the homeless
- To avoid home evictions by preventing debts

2. A FAIR APPROACH TO THE CLIMATE CRISIS

We can only combat the current climate crisis together. Therefore, GroenLinks wants:

- The municipal council to set a good example
- An energy information center 2.0, to help citizens with their questions about a sustainable home
- Small, sustainable manufacturing companies in the Plaspoelpolder. Support for small, green start-up companies
- Waste to be considered a valuable resource
- A lower waste tax for citizens who separate their household waste properly

3. A GREEN, CLEAN AND HEALTHY ENVIRONMENT

Everyone has the right to live in a green and healthy environment. Therefore, GroenLinks wants:

- Trees on every street
- To connect our parks and green areas
- To strengthen the biodiversity in our green areas
- Animal rights and plants to be a priority for new housing projects, as well as in the design and management of public spaces
- Clean air to be a real priority in Rijswijk
- Financial support for citizens, so they can invest in their own neighbourhood

4. LIVELIHOOD SECURITY FOR EVERYONE

Everyone should be able to participate in Rijswijk. Therefore, GroenLinks wants:

- Rijswijk to be a safe and welcoming place for refugees, now and in the future
- Equal chances and opportunities for every child
- Poverty to not be an obstacle to fully participate in society
- More funds for tailor-made care at home
- Smooth cooperation between health professionals, informal carers and volunteers
